

V. REMARKS

Claims 1-6 are rejected under 35 USC 112, second paragraph, for allegedly failing to particularly point out and distinctly claim to subject matter which the applicant regards as the invention. The Office Action addresses the claim terms "the distances" and "the predetermined position" in line 9 of claim 1. The claim is amended as indicated above to obviate the rejection. Withdrawal of the rejection is respectfully requested.

Further, Applicants assert that there are also reasons other than those set forth above why the pending claims are patentable. Applicants hereby reserve the right to submit those other reasons and to argue for the patentability of claims not explicitly addressed herein in future papers.

In view of the foregoing, reconsideration of the application and allowance of the pending claims are respectfully requested. Should the Examiner believe anything further is desirable in order to place the application in even better condition for allowance, the Examiner is invited to contact Applicants' representative at the telephone number listed below.

Should additional fees be necessary in connection with the filing of this paper or if a Petition for Extension of Time is required for timely acceptance of the same, the Commissioner is hereby authorized to charge Deposit Account No. 18-0013 for any such fees and Applicant(s) hereby petition for such extension of time.

Respectfully submitted,
